PO1	Critical thinking	After successfully completing the Undergraduate Programme, Bachelor of Arts, the learners would acquire the ability to take informed actions. They can learn to identify the assumptions that frame their thinking and actions, to check out the degree to which these assumptions are accurate and valid, and to look at their ideas and decisions (intellectual, organizational, and personal) from different perspectives.
PO2	Problem-solving and	The learners acquire both theoretical and practical knowledge, ask questions, develop skills and form conclusions through reflective thinking.
PO3	Power of Analysis	The learners come to have an ability to think rationally, analyze situations and solve problems adequately.
PO4	Multidisciplinarity	The learners attain some ability to function in multidisciplinary domains.
PO5	Ethical Living	The learners become able to nurture Ethical Principles. They have the ability to recognize different value systems including your own, understand the moral dimensions of your decisions, and accept responsibility for them.
PO6	Individuality and Teamwork	The learners become able to work collaboratively and effectively with diverse groups towards personal and common goals.
PO7	Effective Citizenship	The learners have the ability to demonstrate equity-centered national development and empathetic social concern, and the ability to act with an informed awareness of issues and participate in civic life through volunteering.
PO8	Environment and Sustainability	The learners also obtain the ability to understand the issues of environmental contexts and sustainable development.
PO9	Social Interaction	The learners finally become able to elicit views of others, mediate disagreements and help reach conclusions in group settings.
PO10	Effective Communication	Finally, the learners become perfectly able to speak, read, write and listen clearly in person. They learn to use electronic and social media in English and in vernaculars, and to make meaning of the world by connecting people, ideas, books, media and technology.
